

IST-11-83F (Floor Mount)

Input Voltage: 12(or24)Vdc
Current Draw: 80mA@12Vdc
Cutout Switch
Holding Force: 70 lbs
Finish: Black Powder Coated

IST-11-83S Wall Surface Mount

Input Voltage: 12(or24)Vdc
Current Draw: 80mA@12Vdc
Holding Force: 70 lbs

Unit: mm

Application :

Specifications:

The IST-11-83 series door holder is a fail-safe unit energized by a power supply installed on large-scale building, between fire escape doors. It releases the armature plate allowing the door closer to close the door when the fire prevention system detects a fire alarm or emergency. The electromagnetic door holder are constructed with a PUSH OFF button on magnet for instant release, the door can be open or close manually at any time.

Warranty:

IST access control related accessories are warranted against defects in material and workmanship while used in normal service for a period of 1 year from the date of sale to the original customer.
